AFRICA

The Africa sun lounger was specially thought of for enjoying special moments under the sun . This new sun lounger allows you to easily follow the sun´s path, due to its simple and natural shapes,

Manufactured by injection with polypropylene gas and reinforced with fiberglass, this structure has two large wheels, which allows you to transport it much easier.

Thanks to its robust and slightly elasticized polyester Batyline techno-mesh, this sun lounger ensures durability and comfort. It will also dry very quickly, so it will always be ready to use whenever you need it. Its backrest has four different positions to make it even more comfy . An as it is stackable, you will save plenty of space.

“The most simple things are the most original... The most original thing is to be simple”

Eugeni Quitllet.

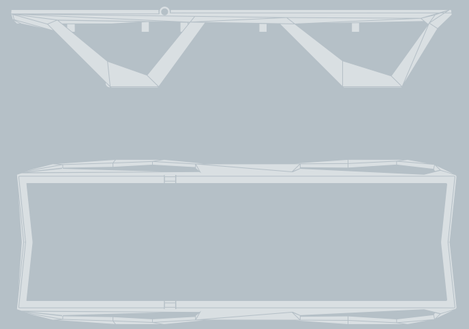
VOXEL

Adding to our Voxel collection, created by world-renowned designer Karim Rashid, the modern styled sun lounger with and outdoor functionality has been born. Manufactured by injected polypropylene and reinforced with fiberglass, it´s characterized by its geometric, angular and faceted shapes.

This sun lounger meets all the hospitality market´s needs: it´s highly resistant, stackable and its two wheels make it easier to move around. It´s shaped like a skate, to prevent it from sinking into the sand, so it´s the ideal option for sunbathing or relaxing by the pool or by the sea.

Comprising of a very breathable polyester fabric, In addition, this fabric can be quickly and easily replaced. Its reclining backrest has 4 different positions, which allows you to find your most comfortable posture.

This design is suitable for all types of public and is ideal in every modern decor atmosphere. Get ready to experience the pleasure of outdoor furniture in a creative and stimulating way!.



“I designed the Voxel Sun Lounger focussing on its structure and not driven by forms or shapes”

IBIZA

This lounger with pure and minimalistic lines is the first within our Revolution range, these are products that are manufactured with recovered plastics from the mediterranean. The smooth and ergonomic shapes of this Ibiza sun lounger are inspired by the Mediterranean sea that surrounds the island and gives this collection it´s name.

Eugeni Quitllet designed this stunning piece in order for you to enjoy better the sea and the sun but always with a sustainable focus on preserving the most beautiful places in the planet.

The main features of this single-piece lounger are: stackability, efficiency and high resistance , and as it is 100% recyclable we can extend this product´s life circle.

SPRITZ

The white wooden fences lining the beach, the small strips that follow each other, in their perfect geometry. It's this picture that inspired the collection Spritz, which is composed of the stolen details to this inspiration.

Chair, armchair, stool, high table and now, sun lounger. A Mediterranean inspired collection with European influences.

Its silhouettes and nuances evoke purity and freshness. It sets a warm touch that fi ts perfectly between indoor and outdoor ambiences.

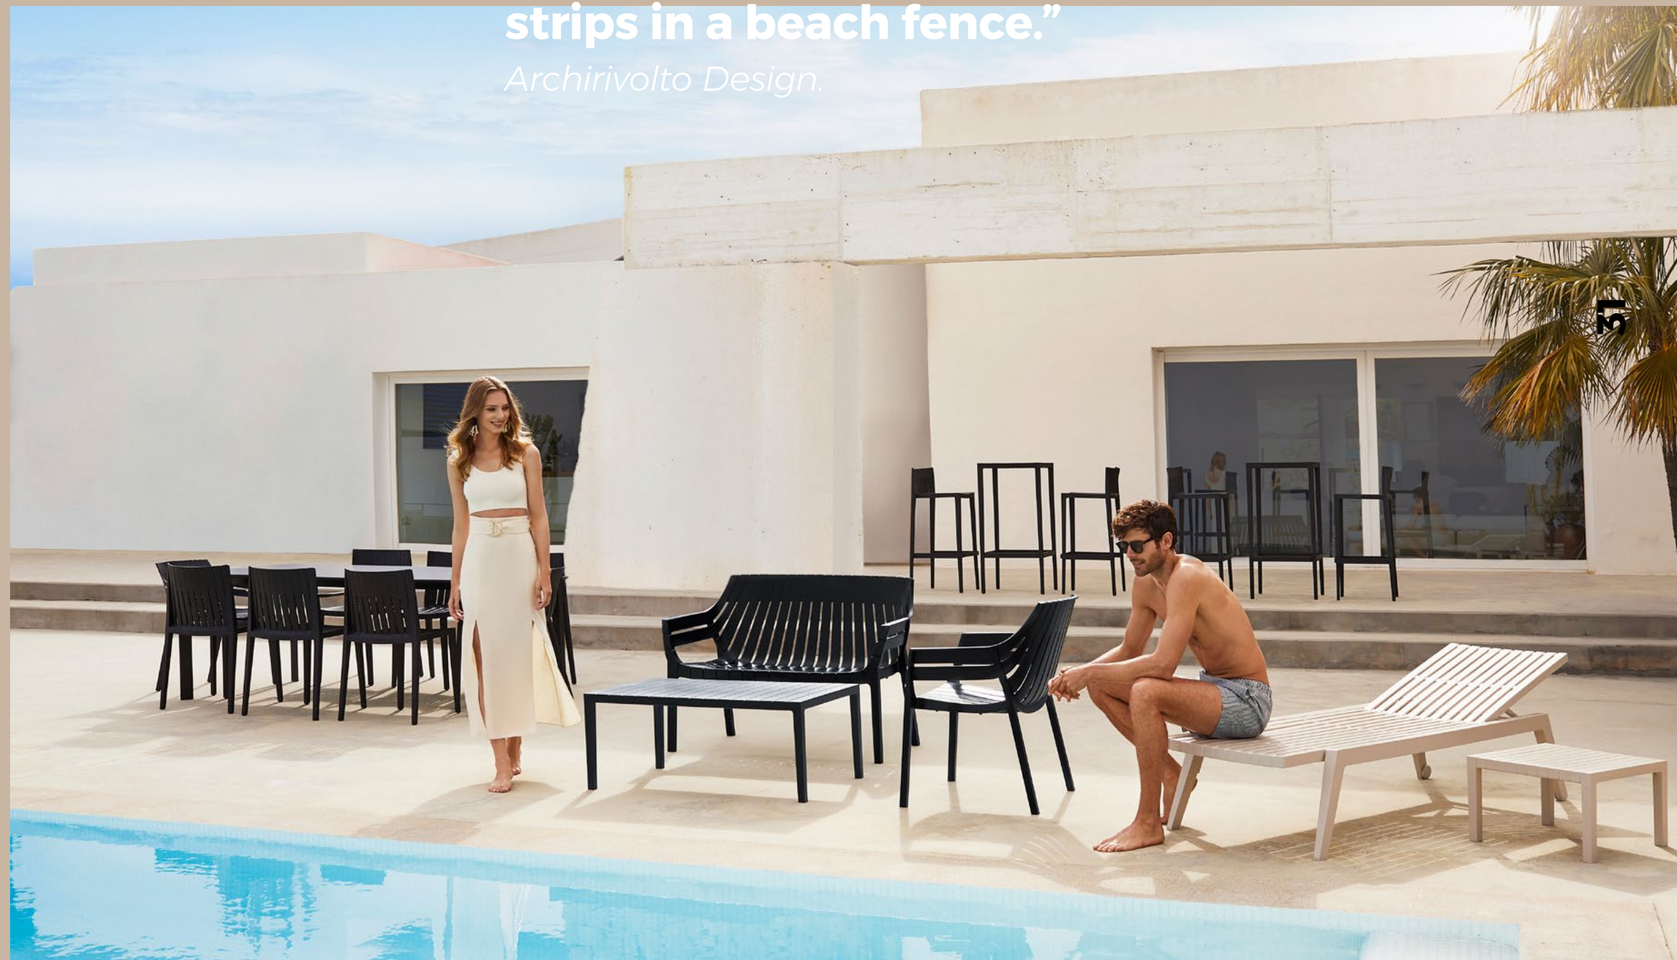
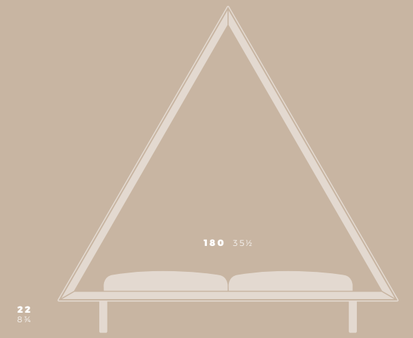
“This collection was inspired by the perfect geometry of the small strips in a beach fence.”

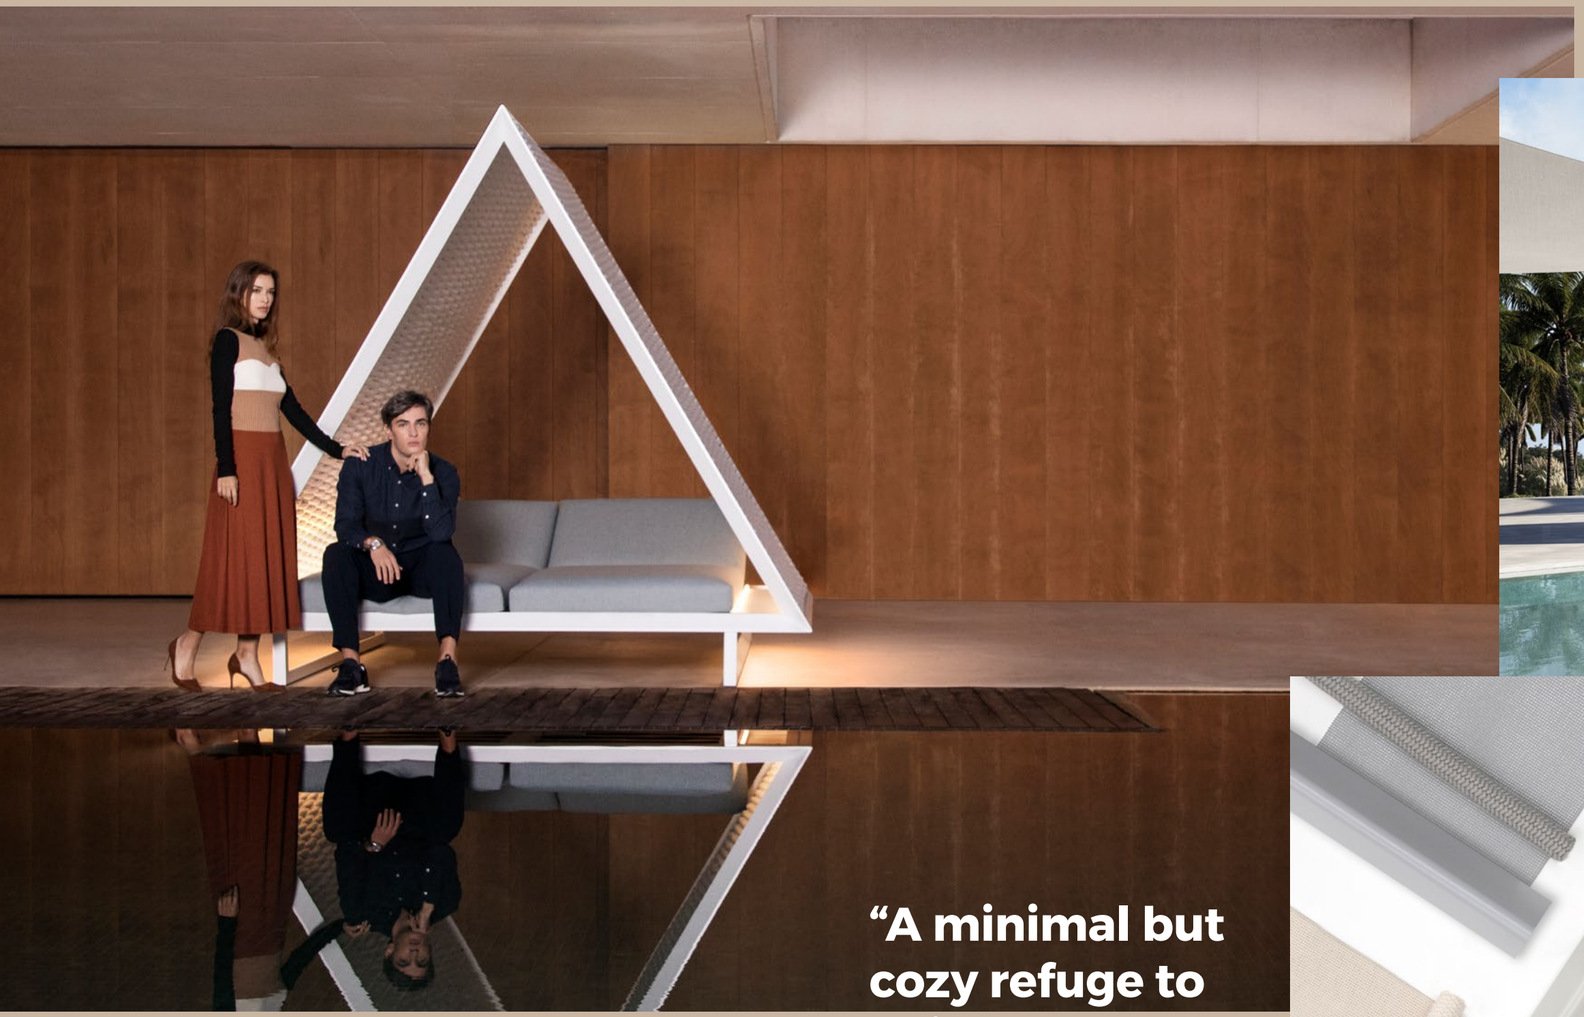
Archirivolto Design.



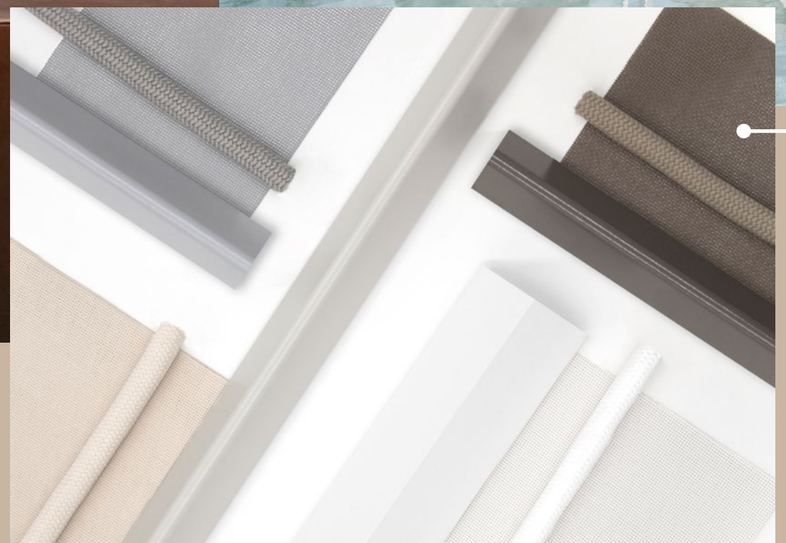
VINEYARD

Designed by Ramon Esteve for Vondom, Vineyard was born from the idea of a place of refuge. It's gabled roof is reminiscent of traditional architecture; this piece consists of an aluminum structure and a double reclining mattress that ensures a comfortable and versatile daybed. Its pure and simple lines and its pyramidal shape makes it the ideal setting to rest, converse, meditate, sleep or simply relax.





“A minimal but cozy refuge to enjoy sun and privacy”



Features

Powder coated Aluminium structure.

Double bed with reclining backrest.

Available with fabric top and woven rope top.

Optional wireless lighting and bluetooth sound system.

MOON

Designed by Ramón Esteve for Vondom, the main characteristic of the Moon Daybed is its spherical shape and the swiveling system on which its base rests, which allows the piece to rotate on its own axis.Articulated through two hemispheres, the base is made of rotational moulded polyethylene with the possibility of LED backlighting thanks to its allow interior, while the top is made with a polypropylene cord braid.This system allows the filtration of air and dims the light that is projected towards the interior, generating a space that invites relaxation and makes Moon an ideal piece for leisure or chill-out environments.

Features

Swiveling 360°

Three models: basic, with fabric top and woven rope top.

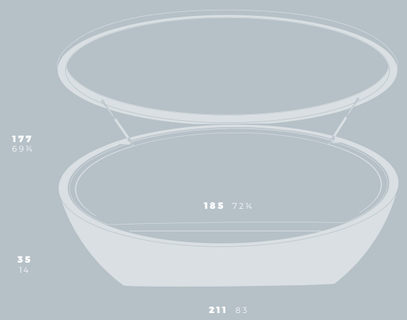
Optional wireless lighting and bluetooth sound system.

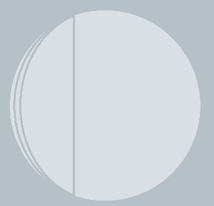
ULM

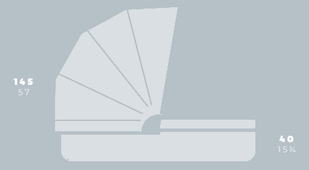
A collection fashioned as the new norm with an inherit universal and logical appeal. A functional seating collection that strikes a perfect balance between design, technology, and ergonomics based on basic cube, prism, and spherical shapes.

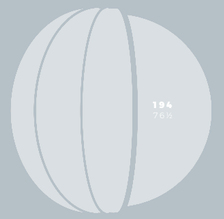
The Ulm collection seeks unity within its design and that of other products, combining amongst diverse elements that form a complete ensemble. The sofa, like the chairs, daybed, coffee table, and ottoman embody rigid and resilient structures for rest and support that provide total comfort.

Much like the name Ulm, its soft forms are a tribute to the formal approach of the Ulm School. The ability to illuminate each piece can envelope any space in color, providing innovative technology that makes it unique.









“Pure geometry”

Features

Swiveling 360°

4 different models and backrest's options.

Optional sunroof and side table.

Optional wireless lighting and bluetooth sound system.

FAZ

Ramón Esteve, architect of harmony, serenity, timelessness and universality has created mineral and emphatic shapes that make FAZ a design that contextualizes with homes and installations. An ambience, encircling as a result of the blissful combination of the material and lighting, so that the sole sensation would be its fusion.

The modularity of FAZ permits the consumers to adapt the furniture and flowerpots to their style and needs without losing the harmony of this furniture set. It's upholstery is available in excellent quality nautical canvas or polyester fabric. The result is a product that transmits essence, that contains the complexity and the density of a work finalized to the extreme degree, the purpose of which is to create desirable places to live.

Features

Swiveling 360°

Folding sunroof available.

Optional wireless lighting and bluetooth sound system.

VELA

This extensive outdoor furniture and plantpot collection aims to offer the comfort and the quality of interior furniture without losing it's original qualities. VELA is a modulate system with an elementary prismatic geometry that bases its singularity in the balance of its proportions. The elements can combine among themselves to integrate into any space. Their precise volumes create the illusion of hovering some centimetres off the floor, and when they are illuminated they are transformed into floating architectures.

Features

Can be combined with canopies.

6 different models and backrest's options.

Optional sunroof and side table.

Wine-holder available on the model 54104

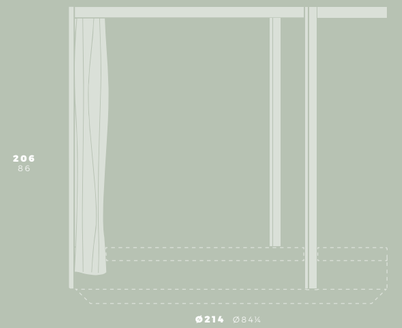
Optional wireless lighting and bluetooth sound system.

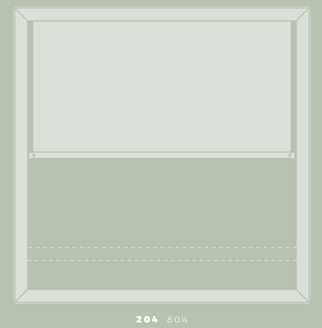
CANOPIES

Whithin VELA modulate system there is a range of canopies and pavilions that can be combined with the rest of the products of this collection.

Vela canopies are designed to ad to Vela daybeds an element that creates a space with privacy and shade.

On the other hand, Vela pavilion offer a solution to open spaces that need some more protection or privacy. Vela pavilion are available in a number of sizes and can be combined with sofas, sun loungers, dinning tables or any other product.





Features

Made with powder coated aluminium.

Available with rollable blinds and sliding curtains.

Canopies match any Vela Daybed (without sunroof)

Pavilions available in a range of sizes.
